## **Aberavon**

### Excess Winter Deaths

In 2013/14, there were 10 excess winter deaths Neath Port Talbot County Borough Council Local Authority area. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 100 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Aberavon WIMD figures:

- There are thirteen LSOAs in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Neath Port Talbot County Borough Council Local Authority area.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Neath Port Talbot</b>	1,632	964	2,445	5,041	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## **Aberconwy**

### Excess Winter Deaths

In 2013/14, there were only 20 excess winter deaths Conwy County Borough Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 70 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

In 2013/14, there were only 20 excess winter deaths Gwynedd Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 100 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

Aberconwy WIMD figures:

- Aberconwy have five LSOAs in the top 10% most deprived housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Conwy County Borough Council Local Authority and Gwynedd County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Conwy</b>	1,423	314	1,699	3,436	0.2
<b>Gwynedd</b>	587	260	627	1,474	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Alyn and Deeside

### Excess Winter Deaths

In 2013/14, there were 60 excess winter deaths Flintshire County Borough Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 130 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Alyn and Deeside WIMD figures:

- Five LSOAs are in the top 10% most deprived housing LSOA in Wales.
- Two LSOAs are in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Flintshire County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Flintshire</b>	1,481	378	1,709	3,568	0.2
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Arfon

### Excess Winter Deaths

In 2013/14, there were only 20 excess winter deaths Gwynedd Council Local Authority However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 100 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Arfon WIMD figures:

- Seven LSOAs are in the top 10% most deprived housing LSOA in Wales.
- Two LSOA is in the top 10% most deprived housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Gwynedd County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Gwynedd</b>	587	260	627	1,474	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## **Blaenau Gwent**

### Excess winter deaths

In 2013/14, there were 60 excess winter deaths Blaenau Gwent County Borough Council. With a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed this figure when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Blaenau Gwent WIMD figures:

- Blaenau Gwent have three LSOAs in the top 10% most deprived housing LSOA in Wales.
- Blaenau Gwent has seven LSOAs in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Blaenau Gwent County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Blaenau Gwent</b>	347	371	1,302	2,020	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Brecon and Radnorshire

### Excess winter deaths

In 2013/14, there were 40 excess winter deaths Powys County Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 90 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Brecon and Radnorshire WIMD figures:

- There is one LSOA in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Powys County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Powys</b>	811	65	453	1,329	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## **Bridgend**

### Excess winter deaths

In 2013/14, there were 70 excess winter deaths in Bridgend County Borough Council, a rise of 10 on 2012/13 figures. This figure is expected to rise in 2014/15 due to higher excess winter deaths recorded in Wales.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Bridgend WIMD figures:

- Caerau 1 (Bridgend) is the fifth most deprived small area and sixth most health deprived LSOA in Wales.
- Bridgend has one LSOA in the top 10% most deprived housing LSOA in Wales. It also has eleven LSOAs in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Bridgend County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Bridgend</b>	1,113	1,211	2,479	4,803	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Caerphilly

### Excess Winter Deaths

In 2013/14, there were 110 excess winter deaths in Caerphilly County Borough Council, a rise of 20 on 2012/13 figures. This figure is expected to rise in 2014/15 due to higher excess winter deaths recorded in Wales.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Caerphilly WIMD figures:

- St. James 3 is the most deprived small area and third most deprived health LSOA in Wales.
- Twyn Carno 1 is the sixth most deprived small area in Wales.
- Caerphilly has twenty two LSOAs in the top 10% most health deprived LSOA in Wales.
- Caerphilly has nine LSOAs within the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Caerphilly County Borough Council

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Caerphilly</b>	2,246	976	3,012	6,234	0.4
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Cardiff Central

### Excess winter deaths

In 2013/14, there were 70 excess winter deaths Cardiff Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 130 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Cardiff Central WIMD figures:

- Cardiff Central has twenty one LSOAs in the top 10% highest housing LSOA in Wales.
- Cardiff Central also has three LSOAs in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in City of Cardiff Council Local Authority area.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Cardiff</b>	4,180	2,738	4,132	11,050	0.7
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Cardiff North

### Excess winter deaths

In 2013/14, there were 70 excess winter deaths Cardiff Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 130 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Cardiff North WIMD figures:

- Cardiff North has five LSOAs in the top 10% highest housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in City of Cardiff Council Local Authority area.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Cardiff</b>	4,180	2,738	4,132	11,050	0.7
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Cardiff South and Penarth

### Excess winter deaths

In 2013/14, there were 70 excess winter deaths Cardiff Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 130 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Cardiff South and Penarth WIMD figures:

- Splott 6 is the ninth most deprived small area in Wales.
- Grangetown 9 is the second most deprived housing LSOA in Wales.
- Butetown 1 was the third highest, Grangetown 5 was the eighth highest, Riverside 8 was ninth and Grangetown 1 was tenth in the top 10% most deprived housing LSOA in Wales.
- Trowbridge 8 is the seventh most health deprived LSOA in Wales.
- Fifteen other LSOAs are also in the top 10% most deprived housing LSOA in Wales.
- Fourteen LSOAs are in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in City of Cardiff Council Local Authority area.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Cardiff</b>	4,180	2,738	4,132	11,050	0.7
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Cardiff West

### Excess winter deaths

In 2013/14, there were 70 excess winter deaths Cardiff Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 130 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Cardiff West WIMD figures:

- Riverside 2 is the most deprived housing LSOA in Wales.
- Thirteen LSOAs are also in the top 10% most deprived housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in City of Cardiff Council Local Authority area.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Cardiff</b>	4,180	2,738	4,132	11,050	0.7
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## **Carmarthen East and Dinefwr**

### Excess winter deaths

In 2013/14, there were 60 excess winter deaths Carmarthen County Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 100 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Carmarthen East WIMD figures:

- Carmarthen East and Dinefwr has one LSOA in the top 10% most deprived housing LSOA and one in the top 10% most deprived health LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Carmarthenshire County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Cardiff</b>	4,180	2,738	4,132	11,050	0.7
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## **Carmarthen West and South Pembrokeshire**

### Excess winter deaths

In 2013/14, there were 60 excess winter deaths Carmarthen County Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 100 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Carmarthen West and South Pembrokeshire WIMD figures:

- Carmarthen West and South Pembrokeshire has five LSOA in the top 10% most deprived housing LSOA in Wales.
- There is two LSOA within the top 10% most deprived health LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Carmarthenshire County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Cardiff</b>	4,180	2,738	4,132	11,050	0.7
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Ceredigion

### Excess winter deaths

In 2013/14, there were 20 excess winter deaths Ceredigion County Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 50 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

Ceredigion WIMD figures:

- Eight LSOAs in Ceredigion are in the top 10% most deprived housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Ceredigion County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Ceredigion</b>	795	118	344	1,257	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Clwyd West

### Excess Winter Deaths

In 2013/14, there were only 20 excess winter deaths Conwy County Borough Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 70 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

In 2014/15, there were 80 excess winter deaths in Denbighshire County Borough Council, a rise of 30 on 2013/14 figures. This figure is expected to rise in 2014/15 due to higher excess winter deaths recorded in Wales.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Clwyd West WIMD figures:

- Five LSOAs are in the top 10% most deprived housing LSOA in Wales.
- One LSOA is in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Conwy County Borough Council Local Authority and Denbighshire County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Conwy</b>	1,423	314	1,699	3,436	0.2
<b>Denbighshire</b>	1,348	538	1,511	3,397	0.2
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Clwyd South

### Excess Winter Deaths

In 2013/14, there were 20 excess winter deaths Conwy County Borough Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 70 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

In 2013/14, there were 40 excess winter deaths Powys County Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 90 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Clwyd South WIMD figures:

- Four LSOAs are in the top 10% most deprived housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Conwy County Borough Council Local Authority and Powys County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Conwy</b>	1,423	314	1,699	3,436	0.2
<b>Powys</b>	811	65	453	1,329	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Cynon Valley

### Excess Winter Deaths

In 2013/14, there were 40 excess winter deaths Rhondda Cynon Taf Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 140 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Cynon Valley WIMD figures:

- Two in the top 10% most deprived housing LSOA in Wales.
- Penrhywceiber 1 is the second most deprived health LSOA in Wales. Abercynon 2 is the ninth most health deprived LSOA in Wales.
- Ten LSOA is in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Rhondda Cynon Taf Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Rhondda Cynon Taf</b>	1,373	1,370	5,641	8,384	0.5
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Delyn

### Excess Winter Deaths

In 2013/14, there were 60 excess winter deaths Flintshire County Borough Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 130 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Delyn WIMD figures:

- Delyn has three LSOAs in the top 10% most deprived housing LSOA in Wales.
- Delyn has two LSOAs in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Flintshire County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Flintshire</b>	1,481	378	1,709	3,568	0.2
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Dwyfor Meirionydd

### Excess Winter Deaths

In 2013/14, there were only 20 excess winter deaths Gwynedd Council Local Authority However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 100 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Dwyfor Meirionydd WIMD figures:

- Nineteen LSOAs are in the top 10% most deprived housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Gwynedd County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Gwynedd</b>	587	260	627	1,474	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## **Gower**

### Excess Winter Deaths

In 2013/14, there were 100 excess winter deaths Swansea Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 120 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Swansea County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Swansea</b>	1,393	800	3,076	5,269	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Islwyn

### Excess winter deaths

In 2013/14, there were 110 excess winter deaths in Caerphilly County Borough Council, a rise of 20 on 2012/13 figures. This figure is expected to rise in 2014/15 due to higher excess winter deaths recorded in Wales.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Islwyn WIMD figures:

- Islwyn has seven LSOAs is in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Caerphilly County Borough Council

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Caerphilly</b>	2,246	976	3,012	6,234	0.4
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Llanelli

In 2013/14, there were 60 excess winter deaths Carmarthen County Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 100 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Llanelli WIMD figures:

- Llanelli has three LSOAs is in the top 10% most health deprived LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Carmarthenshire County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Cardiff</b>	4,180	2,738	4,132	11,050	0.7
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Merthyr Tydfil

### Excess winter deaths

In 2013/14, there were 10 excess winter deaths Merthyr County Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 60 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Merthyr Tydfil WIMD figures:

- Merthyr Vale 1 is the eighth most deprived small area in Wales. Merthyr Vale 2 is fifth most health deprived LSOA in Wales.
- Merthyr Tydfil has six LSOAs in the top 10% most deprived housing LSOA in Wales.
- Eleven LSOAs are in the top 10% most deprived health LSOA in Wales.
- Merthyr Tydfil had the highest proportion of LSOAs in the top 10 health domain in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Merthyr Tydfil County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Merthyr Tydfil</b>	471	540	1,082	2,093	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Monmouth

### Excess winter deaths

In 2013/14, there were 50 excess winter deaths Monmouthshire County Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 100 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Monmouthshire</b>	1,152	27	442	1,621	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Montgomeryshire

### Excess winter deaths

In 2013/14, there were 40 excess winter deaths Powys County Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 90 excess winter deaths recorded in 2012/13 when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Montgomeryshire WIMD figures:

- Montgomeryshire has two LSOAs in the top 10% most deprived housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Powys County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Powys</b>	811	65	453	1,329	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Neath

### Excess winter deaths

In 2013/14, there were 10 excess winter deaths Neath Port Talbot County Borough Council Local Authority area. However, there was a significant rise in excess winter deaths in 2014/15 which are likely to exceed the 100 excess winter deaths recorded in 2012/13.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Neath WIMD figures:

- Cymmer is the eighth most health deprived LSOA in Wales.
- There are three LSOAs within the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Neath Port Talbot County Borough Council Local Authority area.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Neath Port Talbot</b>	1,632	964	2,445	5,041	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Newport East

### Excess winter deaths

In 2013/14, there were 50 excess winter deaths Newport County Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to rise when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Newport East WIMD figures:

- Newport East has eight LSOAs in the top 10% most deprived housing LSOA in Wales.
- There are four LSOAs within the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Newport County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Newport</b>	1,899	784	1,789	4,472	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Newport West

### Excess winter deaths

In 2013/14, there were 50 excess winter deaths Newport County Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to rise when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Newport West WIMD figures:

- Pillgwenlly 3 is the fourth highest most deprived housing LSOA in Wales.
- Newport West has seven other LSOAs in the top 10% most deprived housing LSOA in Wales.
- Pillgwenlly 1 is the tenth most health deprived LSOA in Wales.
- There are four LSOAs within the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Newport County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Newport</b>	1,899	784	1,789	4,472	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Ogmore

### Excess winter deaths

In 2013/14, there were 70 excess winter deaths Bridgend County Borough Council a rise of 10 on 2012/13 figures. This figure is likely to rise as excess winter deaths recorded in Wales rose in 2014/15.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Ogmore East WIMD figures:

- Ogmore has one LSOAs within the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Bridgend County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Bridgend</b>	1,113	1,211	2,479	4,803	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Pontypridd

### Excess winter deaths

In 2014/15, there were 40 excess winter deaths Rhondda Cynon Taf Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 140 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Pontypridd WIMD figures:

- Pontypridd has one LSOA in the top 10% most deprived housing LSOA in Wales.
- There are seven LSOAs within the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Rhondda Cynon Taf Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Rhondda Cynon Taf</b>	1,373	1,370	5,641	8,384	0.5
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Preseli Pembrokeshire

### Excess winter deaths

In 2013/14, there were 20 excess winter deaths Pembrokeshire County Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to rise when local authority statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Pembrokeshire WIMD figures:

- There is one LSOAs within the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Rhondda Cynon Taf Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Pembrokeshire</b>	847	340	768	1,955	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Rhondda

### Excess winter deaths

In 2013/14, there were 40 excess winter deaths Rhondda Cynon Taf Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 140 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Rhondda WIMD figures:

- Tylorstown 1 is the fourth most deprived small area in Wales. Pen-y-waen 2 is the seventh most deprived small area in Wales.
- Rhondda has seven LSOAs within the the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Rhondda Cynon Taf Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Rhondda Cynon Taf</b>	1,373	1,370	5,641	8,384	0.5
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Swansea East

### Excess winter deaths

In 2013/14, there were 100 excess winter deaths Swansea Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 120 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Swansea East WIMD figures:

- Swansea East has two LSOAs in the top 10% most deprived housing LSOA in Wales.
- There are ten LSOAs within the the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Swansea County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Swansea</b>	1,393	800	3,076	5,269	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Swansea West

### Excess winter deaths

In 2013/14, there were 100 excess winter deaths Swansea Council Local Authority. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 120 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Swansea West WIMD figures:

- Townhill 1 is the fourth most health deprived LSOA in Wales.
- Swansea West has nine LSOAs in the top 10% most deprived housing LSOA in Wales.
- There are nine LSOAs within the the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Swansea County Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Swansea</b>	1,393	800	3,076	5,269	0.3
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Torfaen

### Excess winter deaths

There were no excess winter deaths in Torfaen County Borough Council in 2013/14. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 60 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Torfaen WIMD figures:

- Torfaen has two LSOAs in the top 10% most deprived housing LSOA in Wales.
- Torfaen has four LSOAs within the the the top 10% of highest Health LSOAs Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Torfaen County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Torfaen</b>	1,303	242	974	2,519	0.2
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Vale of Clwyd

### Excess winter deaths

In 2014/15, there were 80 excess winter deaths in Denbighshire County Borough Council, a rise of 30 on 2013/14 figures. This figure is expected to rise in 2014/15 due to higher excess winter deaths recorded in Wales.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Vale of Clwyd WIMD figures:

- Rhyl West 2: Rhyl West 2 is the second most deprived small area in Wales. It is also the most health deprived and fifth highest in the housing deprived LSOA in Wales.
- Rhyl West 1 is the tenth most deprived small area in Wales.
- Eight LSOAs are also in the top 10% most deprived housing LSOA in Wales.
- Six LSOAs are in the top 10% most deprived health LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Denbighshire County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Denbighshire</b>	1,348	538	1,511	3,397	0.2
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Vale of Glamorgan

### Excess winter deaths

In 2013/14, there were 10 excess winter deaths Vale of Glamorgan County Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 70 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Vale of Glamorgan WIMD figures:

- Vale of Glamorgan has four LSOAs in the top 10% most deprived housing LSOA in Wales.
- It has three LSOAs within the top 10% most deprived health LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Vale of Glamorgan County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>The Vale of Glamorgan</b>	1,631	292	1,379	3,302	0.2
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Wrexham

### Excess winter deaths

In 2013/14, there were 80 excess winter deaths Wrexham County Borough Council. However, with a significant rise in excess winter deaths recorded in Wales in 2014/15 the figure for that year is likely to exceed the 110 excess winter deaths recorded in 2012/13 when statistics are released in 2016.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Wrexham WIMD figures:

- Queensway 1 is the third most deprived small area in Wales.
- Brynyffynnon 2 was sixth highest income domain in Wales, whilst Smithfield 3 was seventh.
- Wrexham has nine LSOAs in the top 10% most deprived housing LSOA in Wales.
- Wrexham has four LSOAs in the top 10% most deprived health LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Wrexham County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Wrexham</b>	1,064	585	970	2,619	0.2
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1

## Ynys Mon

### Excess winter deaths

In 2013/14, there were 40 excess winter deaths Anglesey County Borough Council, the same figure as 2012/13. This figure is likely to rise in 2014/15 due to a rise in excess winter deaths recorded in Wales that year.

### WIMD

The housing domain indicators are:

- Proportion of people living in overcrowded households (bedrooms measure)
- Proportion of population living in households with no central heating

The health domain indicators are:

- Limiting Long-Term Illness
- All Cause Death Rates
- Cancer Incidence
- Low Weight single Births

Ynys Mon WIMD figures:

- Ynys Mon has one LSOA in the top 10% most deprived housing LSOA in Wales.

### Energy Company Obligation

Up to December 2015, the UK Government's Energy Company Obligation installed the below amount of energy efficiency installations in Anglesey County Borough Council.

	Carbon Saving Target (CERO)	Carbon Savings Community (CSCO)	Affordable Warmth (HHCRO)	ECO measures installed	Percentage of ECO measures installed
<b>Isle of Anglesey</b>	199	187	431	817	0.1
<b>Wales</b>	28,864	13,898	38,361	81,123	5.1
