
DWP Winter Grant Scheme

This is £170m grant funding for LAs in England (needs to be spent from December 2020 up to the end of March 2021) to help people who are struggling to afford food and utility bills (heating, cooking, lighting) and water for household purposes (including drinking, washing, cooking, central heating, sewerage and sanitary purposes). It aims to “help those who need it to have food on the table and other essentials, so every child will be warm and well-fed this winter”.
