

NATIONAL ENERGY ACTION

Fuel Poverty Awareness Day

STAKEHOLDER SUPPORT PACK

Wednesday 26 November 2025

Hello,

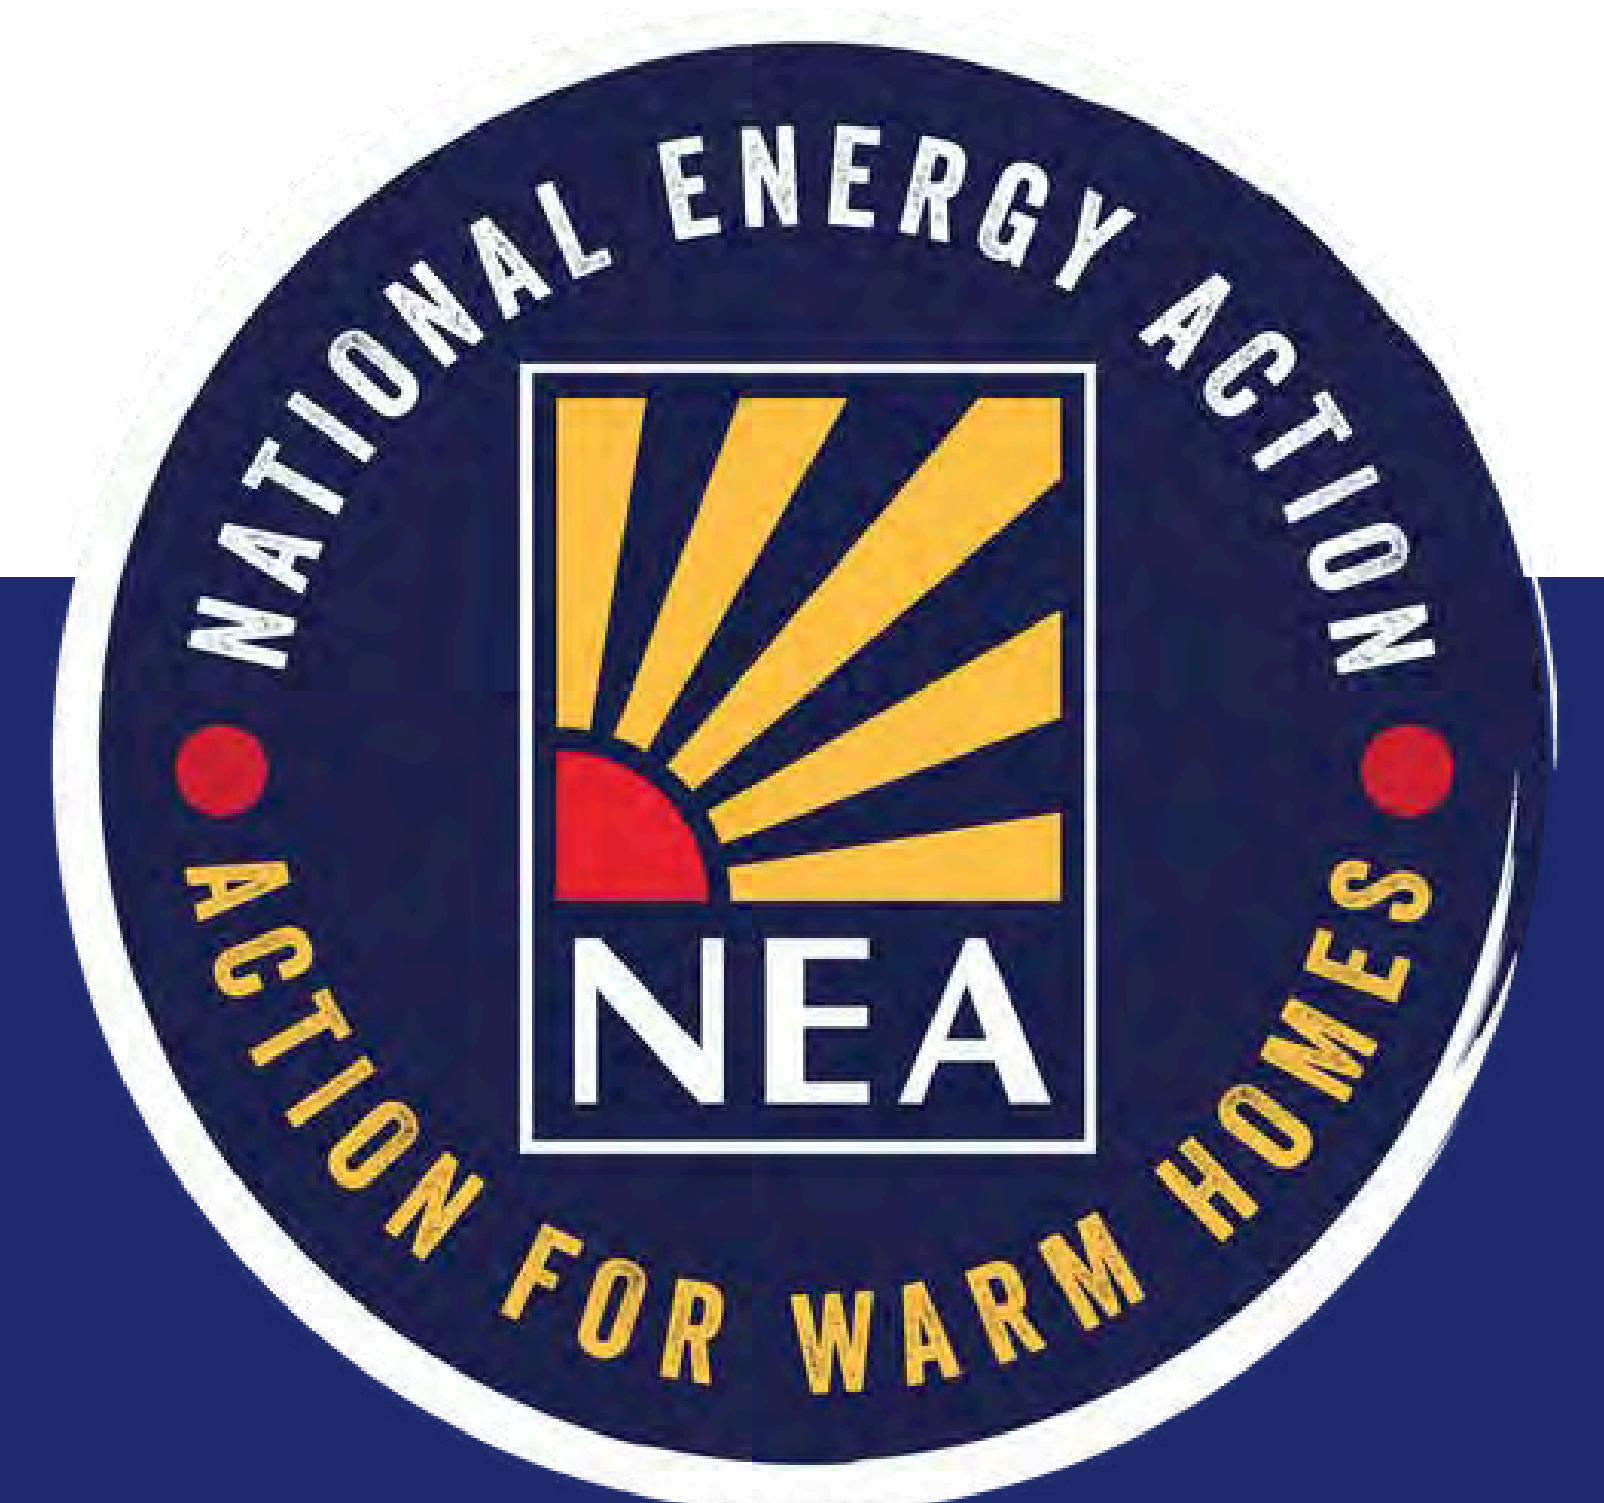

Thank you for downloading our supporter pack for our Fuel Poverty Awareness Day on **Wednesday 26 November**. The energy crisis has continued for over four years, millions of UK households cannot afford to keep warm and healthy.

This year, the theme will focus on the experience of children living in fuel poverty and how their health, comfort and life chances are put at risk, simply from living in a cold home.

On the day, we will highlight the living experience of children who live in cold homes, campaign for more support and highlight the solutions to fuel poverty.

We need support from individuals and organisations to make the day have an impact. Please send this pack to the person/team who manages your organisation's social media accounts and encourage them to support on the day.

ABOUT NATIONAL ENERGY ACTION

National Energy Action (NEA) is the national fuel poverty charity. We've worked across England, Wales, and Northern Ireland for almost 45 years, to ensure that everyone in the UK can afford to live in a warm and healthy home.

We work together with frontline practitioners, companies, regulators and the government for customers in vulnerable circumstances to make positive changes.

Watch a video about our work [here](#).

OUR SOCIAL MEDIA HANDLES

On Fuel Poverty Awareness Day, please use the hashtag #FuelPovertyAwarenessDay and tag us. We will endeavour to share as many posts as possible to amplify the support available and the amazing efforts that everybody is doing to support those in fuel poverty.

WHY SUPPORT OUR FUEL POVERTY AWARENESS DAY?

Fuel poverty affects millions of children across the UK. Children don't have any control over where they live and yet, where they grow up could determine their health and future prospects for the rest of their lives. **No child should have to grow up in a cold, unhealthy home but it is the reality for too many.**

Why support us?

- To help us keep fuel poverty on the agenda
- To inspire systemic change
- To amplifying the voices of fuel poor households
- To help make sure no child grows up in a cold home

Here are just some of the ways people and organisations are supporting Fuel Poverty Awareness Day this year:

- We're holding a drop-in event in Parliament and a Cross Party Group meeting in the Senedd. We're also holding a training session for MP caseworkers to help them offer better support to constituents.
- Dozens of schools are holding one of our KS1, KS2 and KS3 assemblies to raise awareness among school children.
- Many organisations will run events across the UK, supporting parents and carers to understand how they can get energy advice and/or maximise their incomes to provide a warmer home for their families.
- Hundreds of organisations and individuals have committed to sharing our messages on their social media channels with the hashtag #FuelPovertyAwarenessDay
- Many organisations have committed to fundraising for our Nation's Biggest Housewarming Event between 24 and 28 November.

LETTER TO ELECTED REPRESENTATIVES

We've written a template letter for you to send to elected representatives to call for more support for fuel poor households. This includes actions for this coming winter and longer-term.

You can access the letter here: <https://www.nea.org.uk/energy-crisis/contact-your-elected-rep/>

We have templates for Members of Parliament, Members of the Senedd and Members of the Northern Ireland Assembly.

EMAIL TEMPLATE TO ENCOURAGE COLLEAGUES IN YOUR ORGANISATION TO GET INVOLVED

Dear colleagues,

Wednesday 26 November marks National Energy Action's Fuel Poverty Awareness Day. We will be supporting on social media during on the day and we are encouraging you to get involved too.

This year, the theme will focus on the impact of children living in fuel poverty. Children are the next generation and should be growing up in warm and healthy homes - but that's not the reality for millions of them.

If you want to help, please post your support for the day on social media on Wednesday 26 November between 7am and 7pm using the hashtag #FuelPovertyAwarenessDay.

National Energy Action has provided a stakeholder pack, which has resources that you can use along with suggested text. Please tag their social media handles so they can like, comment and share on the day.

Their handles are:

You can also write to your local elected representative using a letter that they have provided.

We're keen to help such an important cause and we hope that you can get involved too. You can download their pack of social media graphics here: www.nea.org.uk/who-we-are/nea-campaigns/fpad/. If you have any questions, contact mike.potter@nea.org.uk, Communications and Campaigns Officer at National Energy Action.

Thank you in advance.

ADVICE LEAFLETS

Digital copies of our advice leaflets are available for stakeholders to share with clients to help them.

TOPICS INCLUDE

- Your home energy checklist
- Energy debt factsheet
- How much do your electrical items cost to run?
- Dealing with condensation and mould
- What to do if you are struggling with your energy bills
- Moving home checklist
- Smart meters
